## [DACA](#)

We are thrilled to announce that the Consortium has been selected as a winner of the Comcast NBCUniversal Foundation's 2021 Project Innovation Grant Challenge. Through Project Innovation, the Foundation will grant \$3.5 million this year to non-profits that are strengthening communities through innovative solutions. The Foundation's support will allow the Consortium to expand our outreach and education efforts in Cumberland County and surrounding South Jersey communities, ensuring that immigrants all over New Jersey can benefit from the protections of Deferred Action for Childhood Arrivals (DACA).

We know that immigrant youth and communities in the southern part of our state deserve additional resources to help them thrive. We are grateful to local affiliates NBC10 and Telemundo62 and the Comcast NBCUniversal Foundation for recognizing and supporting this work!
